Reflective PLAN TOOLKIT™

Our Reflective Plan Toolkit™ is the simple software solution to complete and maintain your annual required Reflective Plan

THE PROBLEM

As a CA(SA), you have to comply with SAICA's new CPD policy.

- This is a lot of admin and takes a lot of time
- Under the new policy, you are required to complete and maintain an annual Reflective Plan

THIS MEANS YOU HAVE TO:

1. **Identify your specific learning areas**
2. **Find relevant activities to address these areas**
3. **Undertake those activities**
4. **Reflect on them once complete**

THE SOLUTION

Our REFLECTIVE PLAN TOOLKIT™ addresses all of the above in one simple software solution

Our TOOLKIT™ will
AUTOMATICALLY:

1. **IDENTIFY** your learning areas
2. **HELP** you find activities to address your learning areas
3. **REMIND** you about upcoming activities
4. **RECORD** your reflection on activities once complete
5. **STORE** your Reflective Plan information in one central location to be immediately exported if required

PLUS

we have developed a specialized WIDGET which:

- Integrates directly with your browser
- Allows you to add learning activities such as articles and videos instantly to your Reflective Plan

HOW DOES THE TOOLKIT™ WORK?

You tell us two things. Our TOOLKIT™ takes care of the rest.

Simply select your
Career Path & Proficiency Level
and our software will
AUTOMATICALLY:

- **DETERMINE** your specific competencies and required level per competency
- **HELP** you assess your current level per competency to find your learning areas for the year
- **SEND** you detailed email reminders when your activities are upcoming
- **RECORD** your reflection on activities once completed

HOW DOES THE WIDGET WORK?

The magic of the **Widget** lies in the fact that self-study activities such as
